To whom it may concern,

I am writing on behalf of Daria Stone. Daria and I have worked together for over 10 years. During that time, I have gotten to know her and can thoroughly vouch for her character and abilities.

Our relationship began during the opening years of PACE – Parents Advancing Choice in Education. Daria’s continual focus to serve others is what makes her unique. Daria often exerted more effort than the job asked for. I’ve seen her on evenings teaching parents how to make good choices for their children. I’ve seen her on Saturdays managing every detail of conferences designed to bring people together. I seen her hugs of joy and tears of concern. I’ve seen someone who invests all of herself into people.

In fact, Daria is so effective that I asked her to assist me when I started my business. She tirelessly spread the word across Ohio and helped us to not only survive the first crucial year, but to grow. Socialization is her superpower – she has the ability to connect with anyone from any position in life. This comes from her passion to help others, but also from her own life experience. She can empathize with those who have struggled along and those who live every day as blessed as she is.
